

ROAD MAP

Step by Step plan to easing coronavirus restrictions in England

The UK Government have published guidance at www.gov.uk/coronavirus on the step-by-step approach to easing restrictions in England cautiously.

The information below may be useful in your planning for re-opening/trading post lockdown.

STEP 1:

29th March

- ◇ (Easter) Only takeaway and click and collect services can open.
- ◇ Outdoor sports and leisure facilities can open, and the public can gather in groups of 6 or two households outdoors.

STEP 2:

12th April

- ◇ Re-opening of outdoor hospitality, outdoor attractions, self-contained holiday accommodation, all retail sites, indoor leisure (gyms) and personal care (Hair, beauty and tattooing etc).

STEP 3:

17th May

- ◇ Further easing of restrictions including accommodation including Camping Site/Hostels etc with shared facilities

STEP 4:

21st June

- ◇ No legal limits on social contact, nightclubs and larger events can open.

Please note all the above dates are subject to review before introduction and may change.

Let's help everyone enjoy their summer in the countryside

ROAD MAP

To prepare for visitors travelling into the Derbyshire area you should consider the following:

- **Social Distancing outside** - please consider the public queuing indoors and outside your premises for re-opening, especially within popular tourist locations. Also consider litter associated with your premises. People queuing inside should wear a face covering unless they are exempt.
- **Outdoor seating/hospitality** - premises can open their outside space to the public from 12 April. This activity will need to be Covid secure. Please also think about the public parking of vehicles using your premises and the potential impacts of outdoor hospitality on local residents (noise, music etc). If you make changes to your outdoor hospitality arrangement this may require Licensing or Planning approval. Please contact us to confirm any changes. Also, If your activities relate to a public space you may need to apply for a Pavement Licence at www.derbyshiredales.gov.uk/pavementlicences.
- **Open water swimming** - can be dangerous. If your site is near open water please review the Water Safety Code at www.derbys-fire.gov.uk/safety/water-safety/open-water. Please contact the Fire & Rescue Service if you would like further advice or materials to display.
- **Countryside Code** - is a national campaign on the Countryside Code. For further information or materials on this please go online to www.peakdistrict.gov.uk/visiting/planning-your-visit/be_safe
- **Disposable BBQs** - pose a risk of wild fires and carbon monoxide poisoning. Read more at www.derbys-fire.gov.uk/campaigns/firestoppers
- **Camping** - caravan sites which have self-contained facilities can open on 12 April. However camping is due to open on 17 May. Sites should be Covid secure, with consideration for fire safety, welfare facilities (toilet & shower blocks etc) and electrical safety etc. Read more at www.derbyshiredales.gov.uk/VisitorSiteAdvice.
- **Marquees, gazebos and beer tents** - if you're planning to provide outside hospitality under a marquee, gazebo, beer tent or other temporary structures, ensure the structure is 50% open to allow for ventilation, and is erected safely. Further information is available at www.hse.gov.uk/event-safety/temporary-demountable-structures.htm
- **Covid restrictions** – the Government has not yet confirmed what Covid restrictions will apply when hospitality opens outdoors (such as recording test and trace information). When confirmed this information will be updated. The Gov.uk website includes the latest guidance available at www.gov.uk/guidance/working-safely-during-coronavirus-covid-19

Derbyshire Dales District Council's Environmental Health and Licensing teams can be contacted for further advice on the Road Map, and for guidance on keeping your business Covid secure.
